#### INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question:

"Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

#### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

#### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

#### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

#### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

#### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 24 to 36.—These questions are self-explanatory and the answers like all others on

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

(Signature and title of immigration or other officer authorized to administer oaths)

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any change that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed. If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

NOTE.—Full text of question 23 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, E. G. Diggle, Master, of the Aquitania, from Southampton, do solemnly, sincerely, and truly Swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 2 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

E. G. Diggle  
Commanding Officer.

Sworn to before me this 6th day of Sept, 1929  
at New York.

[Signature]  
Immigration Officer.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.  
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.  
Column 5 (Sex).—The entry should be either M (male) or F (female).  
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).  
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.  
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:  
A farmer is one who operates a farm, either for himself or for others.  
A farm laborer is one who works on a farm for the man who operates it.  
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.  
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given."  
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.  
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.  
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under head of country does not mean "French" by race or people, and, similarly, "French" appearing under head of race or people does not mean "France" by country. An Irish, German, or Italian alien by the race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.  
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."  
Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).  
Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company; etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.  
Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, B.S. Jones, Surgeon of the Aquitania, sailing herewith, do solemnly, sincerely, and truly swear that I have had 33 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of British Medical Council, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 8 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, E. G. Diggle, Master, of the Aquitania, from Southampton, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 8 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Edmund  
Commanding Officer.

Sworn to before me this 6th day of Sept, 1920

U. S. Immigration Officer.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question:

"Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, B. S. Jones, Surgeon of the Aquitania, sailing herewith, do solemnly, sincerely, and truly swear that I have had 33 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of British Medical Council, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 8 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Columns 11 to 14.—These questions are self-explanatory.  
Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."  
Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.  
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.  
Column 5 (*Sex*).—The entry should be either M (male) or F (female).  
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).  
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotion, train, or profession of each alien arrival, steel polisher, steel miller, wood turner, etc., and not simply as engineer, polisher, miller, turner, or other indefinite designations.  
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:  
A farmer is one who operates a farm, either for himself or for others.  
A farm laborer is one who works on a farm for the man who operates it.  
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.  
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.  
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.  
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.  
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of country does not mean "France" by country. An Irish, German, or Hebrew alien by the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of country does not mean "France" by country. An Irish, German, or Hebrew alien by the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of country does not mean "France" by country. In this connection the following distinctions should be especially observed:

CUBAN.  
The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.  
Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend; with name and complete address*).—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

OPTIONAL QUESTION

The entries on this sheet must be handwritten or printed.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and recovery clerks during the post-arrival examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and recovery clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States, and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officials in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, B. J. JONES, Surgeon of the "ACADEMIC", do

condition of such aliens.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, miner, machine engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply set engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question:

"Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under head of country does not mean "French" by race or people, and, similarly, "French" appearing under head of race or people does not mean "France" by country. An Irish, German, or Polish alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.  
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.  
Column 5 (Sex).—The entry should be either M (male) or F (female).  
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).  
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.  
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:  
A farmer is one who operates a farm, either for himself or for others.  
A farm laborer is one who works on a farm for the man who operates it.  
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.  
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.  
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.  
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.  
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien, by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to that portion of Italy south of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, E. J. Diggle Master, of the Acquittania, from Southampton, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, ten in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.  
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.  
Column 5 (*Sex*).—The entry should be either M (male) or F (female).  
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).  
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.  
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:  
A farmer is one who operates a farm, either for himself or for others.  
A farm laborer is one who works on a farm for the man who operates it.  
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.  
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.  
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.  
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.  
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.  
Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

I, E. G. ## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.  
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.  
Column 5 (Sex).—The entry should be either M (male) or F (female).  
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).  
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.  
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:  
A farmer is one who operates a farm, either for himself or for others.  
A farm laborer is one who works on a farm for the man who operates it.  
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.  
Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.  
Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.  
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.  
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "French" appearing under head of country does not mean "French" by race or people, and, similarly, "French" appearing under head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallo dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.  
Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."  
Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, B.S. Jones, Surgeon of the Aquitania, sailing therefrom thirty three years' experience as a Physician, do solemnly, sincerely, and truly swear that I have had thirty three years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of The British Medical Council, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, ten in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this 6th day of September, 19 29  
at New York

(Signature and title of immigration or other officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

# TOURIST CLASS

NOTE.—Full text of question 28 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, **E. C. DIGGLE**, **MASTER** of the "**ACQUAFANTIA**", from **LOUISIANA**, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **three** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

*E. C. Diggle*  
Officer.

Sworn to before me this **6th** day of **September**, 19**29**  
at **NEW YORK**  
Immigration Officer.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question

the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully

checked by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of country does not mean "French" by country. An Irish, German, or Hebrew alien by the head of race or people does not mean "French" by country. In this

connection the following distinctions should be especially observed:

### CUBAN.

The term "Cubau" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence; country

of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded in "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 36, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, B.S. JONES, Surgeon of the "AUITALLA", sailing therewith, do solemnly, sincerely, and truly swear that I have had 33 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of BRITISH MEDICAL COUNCIL, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, three in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this 6th day of September, 19 29,  
at NEW YORK.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Column 27 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 28 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 29 to 31.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 31, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Column 32 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 33 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: (civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question

"Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully

revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under

the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sarinina) and their descendants should be classed as "Italian (south)."

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Ability to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, as a manifest should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the heading country does not mean "French" by race or people, and, similarly, "French" appearing under the heading of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORSE).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

Jones, Surgeon of the Aquitania, sailing therewith, do solemnly, sincerely, and truly swear that I have had thirty three years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of The British Medical, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 25 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE.—Full text of question 28 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, E. G. Diggle Master, of the Aquitania, from Southampton, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 25 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

E. G. Diggle  
Commanding Officer.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:  
A farmer is one who operates a farm, either for himself or for others.  
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, B.S. Jones, Surgeon of the Aquitania, Sailing therewith, do solemnly, sincerely, and truly swear that I have had thirty three years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of The British Medical Council, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 25 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

**CUBAN.**

The term "Cuban" refers to the Cuban people (not Negroes).

**WEST INDIAN.**

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

**SPANISH AMERICAN.**

"Spanish American" refers to the people of Central and South America of Spanish descent.

**AFRICAN (BLACK).**

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

**ITALIAN (NORTH).**

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

**ITALIAN (SOUTH).**

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Ability to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people assigned in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

I, E. G. Dagle Master, of the Aquitania, from Southampton, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 25 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Commanding Officer.

Immigration Officer.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

Jones, Surgeon of the Aquitania, sailing therewith, do solemnly, sincerely, and truly swear that I have had thirty three years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of The British Medical, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 25 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).  
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood-turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.  
A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifest, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, E.G. Diggle Master, of the Aquitania, from Southampton, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 25 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

E. G. Diggle ✓  
Commanding Officer.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Franco" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, B.S. Jones, Surgeon of the Aquitania, sailing therewith, do solemnly, sincerely, and truly swear that I have had thirty three years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of The British Medical Council, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 25 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this 6th day of September, 19 29  
at New York

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

NOTE.—Full text of question 28 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, E.G. Diggle Master, of the Aquitania, from Southampton, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 25 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: (Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTE).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, B.S. Jones, Surgeon of the Aquitania, sailing therewith, do solemnly, sincerely, and truly swear that I have had thirty three years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of The British Medical Council, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 25 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this 6th day of September, 19 29

(Signature and title of immigration or other officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, B.G. Diggle Master of the Aquitania from Southampton, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 25 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Column 30 (Whether deported within one year and authorized to reapply for admission).—The answer should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 31 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Column 31 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

# AFFIDAVIT OF SURGEON

I, E.S. Jones, Surgeon of the Aquitania, sailing therewith, do solemnly, sincerely, and truly swear that I have had thirty three years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of The British Medical Council, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 25 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 28.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Column 29 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 30 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether: going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, E. C. Diggle Master of the Aquitania from Southampton, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 25 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

John M. ...  
Commanding Officer.

Sworn to before me this 6th day of September, 19 29

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Tread-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such resapplication should be given.

# AFFIDAVIT OF SURGEON

I, B.S. Jones, Surgeon of the Aquitania, sailing therewith, do solemnly, sincerely, and truly swear that I have had thirty three years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of The British Medical Council, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 25 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this 6th day of September, 1929  
at New York

W. E. Russell  
(Signature and title of immigration or other officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people assigned in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Franco" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

I, E.G. Diggle Master, of the Aquitania, from Southampton, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 25 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Edmund  
Commanding Officer.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

## CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

## WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

## SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

## AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

## ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

## ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

I, E. G. ## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

The entries on this form must be typewritten or printed.

NOTE.—Full text of question 28 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, E.C. Diggle Master, of the Mex Aquitania, from Southampton, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 25 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.  
The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

## ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

## ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 33, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, B. S. Jones, Surgeon of the Aquitania, Sailing therewith, do solemnly, sincerely, and truly swear that I have had thirty three years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of The British Medical Council, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 25 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this 6th day of September, 19 29

(Signature and title of immigration or other officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed. If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: (Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen of subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: (Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER.

I, E. G. Diggle Master, of the HQUITANIAN, do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the United States Immigration Law and of paragraph 5, subdivision (b), Immigration Rule 6, which appears below.

Sworn to before me this 6<sup>th</sup> day of September 1929.

J. D. Smith  
Master, First or Second Officer.

Immigrant Inspector.

IMPORTANT NOTICE TO MASTER.

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 680) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917.

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine; and in the event such fine is imposed, while it remains unpaid, nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

EXTRACT FROM SUBDIVISION B, RULE 6.

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

### ALIEN SEAMEN

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel  
arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical  
treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such  
alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees,

aliens employed on such vessel, stating the positions they respectively held in the ship's company, when and where they were respectively  
shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information  
as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent,  
consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally  
landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the  
departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further  
list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon  
at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have de-  
serted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriv-

### ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel  
arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical  
treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such  
alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof  
who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has in-  
spected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to  
detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor  
to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien  
seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the pay-  
ment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon  
the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector  
of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from  
any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to  
detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship  
to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall  
not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees,  
and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

### ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel  
arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical  
treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such  
alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof  
who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has in-  
spected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to  
detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor  
to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien  
seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the pay-  
ment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon  
the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector  
of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from  
any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to  
detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship  
to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall  
not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees,  
and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

## EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917.

shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information  
as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent,  
consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally

departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further  
list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon  
at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have de-  
serted or landed, and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriv-  
ing and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required  
by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for  
each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted  
clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while  
it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such  
question upon deposit of a sum sufficient to cover such fine.

## EXTRACT FROM SUBDIVISION B, RULE 6.

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice  
of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified  
in Rule 22 has been made.

## IMPORTANT NOTICE TO MASTER.

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration  
inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members

When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

## EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917.

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent,  
consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all  
aliens employed on such vessel, stating the positions they respectively held in the ship's company, when and where they were respectively  
shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information  
as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent,  
consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally  
landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the  
departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further  
list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon  
at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have de-  
serted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriv-  
ing and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required  
by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for  
each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted  
clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while  
it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such  
question upon deposit of a sum sufficient to cover such fine.

## EXTRACT FROM SUBDIVISION B, RULE 6.

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice  
of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified  
in Rule 22 has been made.

### ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the Immigration laws and employed on board any vessel  
arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical  
treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such  
alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof  
who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has in-  
spected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to  
detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor  
to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien  
seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the pay-  
ment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon  
the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector  
of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from  
any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to  
detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship  
to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall  
not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees,  
and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

ment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon  
the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector  
of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from  
any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to  
detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship  
to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall  
not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees,

### ALIEN SEAMEN

Sec. 19. No alien seaman, excluded from admission into the United States under the immigration laws and employed on board any vessel  
arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical  
treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such  
alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof

detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor  
to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien  
seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the pay-  
ment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon  
the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector  
of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from  
any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to

When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

## EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917.

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent,  
consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all  
aliens employed on such vessel, stating the positions they respectively held in the ship's company, when and where they were respectively  
shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information  
as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent,  
consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally  
landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the  
departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further  
list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon  
at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have de-  
serted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriv-  
ing and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required  
by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for  
each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted  
clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while  
it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such  
question upon deposit of a sum sufficient to cover such fine.

## EXTRACT FROM SUBDIVISION B, RULE 6.

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice  
of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified  
in Rule 22 has been made.

### ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel  
arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical  
treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such  
alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof  
who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has in-  
spected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to  
detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor  
to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien  
seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the pay-  
ment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon  
the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector  
of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from  
any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to  
detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship  
to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall  
not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees,  
and masters, as to all seamen, arriving in the United States prior to the enactment of this Act.

### ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel  
arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical  
treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such  
alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof  
who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has in-  
spected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to  
detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor  
to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien  
seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the pay-  
ment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon  
the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector  
of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from  
any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to  
detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship  
to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall  
not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees,  
and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

## IMPORTANT NOTICE TO MASTER.

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration  
inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members  
of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port.  
When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

## EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917.

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent,  
consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all  
aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively  
shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information  
as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent,  
consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally  
landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the  
departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further  
list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon  
at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have de-  
serted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriv-  
ing and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required  
by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for  
each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted  
clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while  
it remains unpaid, nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such  
question upon deposit of a sum sufficient to cover such fine.

## EXTRACT FROM SUBDIVISION B, RULE 6.

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice  
of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified  
in Rule 22 has been made.

## EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

### ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel  
arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical  
treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such  
alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof  
who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has in-  
spected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to  
detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor  
to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien  
in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the pay-  
ment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon  
the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector  
of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from  
any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to  
detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship  
to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall  
not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees,  
and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

### ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel  
arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical  
treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such  
alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof

detain such seaman on board until such inspection is completed, shall be liable to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien  
seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the pay-  
ment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon

of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from  
any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to  
detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship  
to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall  
not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees,  
and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

## IMPORTANT NOTICE TO MASTER.

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 655) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

## EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917.

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

## EXTRACT FROM SUBDIVISION B, RULE 6.

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified in Rule 22 has been made.

## EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

## ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees, and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof

to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien  
seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the pay-

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from  
any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to  
detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship  
to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall  
not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees,  
and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

## IMPORTANT NOTICE TO MASTER.

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration  
inspector bonding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of names of alien members  
of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port.  
When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

## EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917.

Sec. 30. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent,  
consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all  
aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively  
shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information  
as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent,  
consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally  
landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the  
departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further  
list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon  
at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have de-  
serted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriv-  
ing and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required  
by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for  
each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted  
clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while  
it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such  
question upon deposit of a sum sufficient to cover such fine.

## EXTRACT FROM SUBDIVISION B, RULE 6.

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 30 have been furnished, and not then unless notice  
of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified  
in Rule 22 has been made.

## EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

### ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel  
arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical  
treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such  
alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof  
who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has in-  
spected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to  
detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor  
to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien  
seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the pay-  
ment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon  
the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector  
of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from  
any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to  
detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship  
to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall  
not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees,  
and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information  
as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent,  
consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally

departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further  
list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon

### ALIEN SEAMEN

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel  
arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical  
treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such  
alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof  
who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has in-  
spected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiner), or who fails to  
detain such seaman on board after such inspection or to deport such seaman, if required by such immigration officer or the Secretary of Labor  
to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien  
seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the pay-  
ment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon  
the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector  
of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from  
any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to  
detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship  
to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall  
not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees,  
and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

### ALIEN SEAMEN

Sec. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

### ALIEN SEAMEN

SEC. 10. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel  
arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical  
treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such  
alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof

of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from  
any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to  
detain or deport after requirement by the immigration officer or the Secretary of Labor.

Immigrant Inspector.

**IMPORTANT NOTICE TO MASTER.**

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration  
inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members  
of crews (Form 889) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port.  
When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

**EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917.**

Sec. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent,  
consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all  
aliens employed on such vessel, stating the positions they respectively held in the ship's company, when and where they were respectively  
shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information  
as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent,  
consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally  
landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the  
departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further  
list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon  
at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have de-  
sorted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriv-  
ing and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required  
by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$10 for  
each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted  
clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while  
it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such  
question upon deposit of a sum sufficient to cover such fine.

**EXTRACT FROM SUBDIVISION B, RULE 6.**

Par. 6. Clearance shall not be granted any vessel until the lists required by Section 36 have been furnished, and not then unless, notice  
of liability to the administrative fine prescribed by said section or to that prescribed by section 35 having been served, the deposit specified  
in Rule 22 has been made.

**EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924**

**ALIEN SEAMEN**

Sec. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel  
arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical  
treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such  
alien from the United States.

Sec. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof  
who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has in-  
spected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to  
detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor  
to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of \$1,000 for each alien  
seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the pay-  
ment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon  
the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector  
of customs.

(b) Proof that an alien seaman did not appear upon the outgoose manifest of the vessel on which he arrived in the United States from  
any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to  
detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship  
to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall  
not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(d) Section 32 of the Immigration Act of 1917 is repealed, but shall remain in force as to all vessels, their owners, agents, consignees,  
and masters, and as to all seamen, arriving in the United States prior to the enactment of this Act.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Master, of the S.S. "V E E N D A M", from ROTTERDAM, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 3 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Trade status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), WD (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of alien who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, machine engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply seaman, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, up to what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, **R. Praum**, **master**, of the **S.S. "Veendam"**, from **Rotterdam**, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **six** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Master **OPDIA**

Sworn to before me this **7th** day of **September**, **1929**.

Immigration Officer.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with a mixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **C.H. Francis**, Surgeon of the **S.S. "Vesuvius"**, sailing therewith, do solemnly, sincerely, and truly swear that I have had **12** years' experience as a Physician and Surgeon, and that I am entitled to practise as such by and under the authority of the University of New York, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **four** in number according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

*C.H. Francis*

Sworn to before me this **7th** day of **September**, 1929.-  
at **New York N.Y.**

(Signature and title of immigration or other officer authorized to administer oaths)

NOTE: If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed. If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with a mixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i.e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50 and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **C.H. Francis**, Surgeon of the **S.S. "Vesdam"**, sailing therewith, do solemnly, sincerely, and truly swear that I have had **12** years' experience as a Physician and Surgeon, and that I am entitled to practise as such by and under the authority of the University of New York, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **five** in number according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

(Signature and title of immigration or other officer authorized to administer oaths)

Note: If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with a mixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50. and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

NOTE: Full text of question 28 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officers, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assassination or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of its or their official character.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, **R. Braun** master, of the **s.s. "Veendam"**, from **Rotterdam**, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **six** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this **7th** day of **September**, 19 **29**.  
at **New York N.Y.**

Immigration Officer.

Master **R. Braun**

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with a mixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50 and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **C.H. Francis**, Surgeon of the **S.S. "Veendam"**, sailing **thencewith**, do solemnly, sincerely, and truly swear that I have had **12** years' experience as a Physician and Surgeon, and that I am entitled to practise as such by and under the authority of the University of New York, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **twentythree** in number according to the best of my knowledge and belief, are full, correct, and true in all particulars relative to the mental and physical condition of such aliens.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

NOTE.— Full text of question 28 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who discloses in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining any teaching disbelieved in or opposition to organized government or which has the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful arrest or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, **R. Braun** **master**, of the **S.S. "Veendam"**, from **Rotterdam**, do solemnly, sincerely, and truly **swear** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **fourteen** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Master **Oplick**

Sworn to before me this **7th** day of **September**, 1929.  
at **New York N.Y.**

**Immigration Officer.**

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with a mixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i.e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence; if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50 and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, **C.H. Francis**, Surgeon of the s.s. "Veendam", sailing therewith, do solemnly, sincerely, and truly swear that I have had **12** years' experience as a Physician and Surgeon, and that I am entitled to practise as such by and under the authority of the University of New York, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, **four** in number according to the best of my knowledge and belief, are full, correct, and true in all particulars relative to the mental and physical condition of such aliens.

*C.H. Francis*

Sworn to before me this **7th** day of **September**, 19 **29**.

at **New York N.Y.**

(Signature and title of immigration or other officer authorized to administer oaths)

Note: - If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed. If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

African (black).	Greek.	Roumanian.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, R. Braun, master, of the S.S. "Vendam", from Rotterdam, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, two in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question:

"Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Franco" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States, and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering it is question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States; and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Column 24 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 25 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 26 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 27 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 28 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 29 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 30 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 31 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 32 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 33 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 34 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 35 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Arriving at Port of NEW YORK, SEPTEMBER 7TH, 1929.-

NOTE.—Full text of question 28 is as follows: Whether a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials, or who advocates or teaches the unlawful destruction of property, or is a member of or affiliated with any organization entertaining and teaching disbelief in or opposition to organized government, or which teaches the unlawful destruction of property, or who advocates or teaches the duty, necessity, or propriety of the unlawful assaulting or killing of any officer or officers, either of specific individuals or of officers generally, of the Government of the United States or of any other organized government because of his or their official character.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, R. Braun <sup>Master</sup> <sub>(State whether Master, 1st or 2nd Officer)</sub>, of the S.S. "Vendam", from Rotterdam, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, one in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

MASTER BRAUN

Sworn to before me this 7th day of September, 19 29.  
at New York N.Y.

Immigration Officer.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry should be either M (male) or F (female).

Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Able to read and write).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (Nationality).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (Last permanent residence).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (Name and complete address of nearest relative or friend in country whence alien came).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (Final destination).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (Whether having a ticket to such final destination).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (By whom was passage paid).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (Whether in possession of \$50, and if less, how much).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (Whether ever before in the United States, and if so, when and where).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (Whether going to join relative or friend; and if so, what relative or friend).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, R. Braun master, of the S.S. "Veendam", from Rotterdam, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, one in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

MASTER X

Sworn to before me this 7th day of September, 1929.-  
at New York N.Y.

Immigration Officer.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Master, of the S.S. VEENDAM, from ROTTERDAM, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 13 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Master.  
Officer.

Sworn to before me this 7th day of September, 19 29.  
at NEW YORK, N.Y.

Immigration Officer.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.  
Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.  
Column 5 (*Sex*).—The entry should be either M (male) or F (female).  
Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).  
Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designation.  
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:  
A farmer is one who operates a farm, either for himself or for others.  
A farm laborer is one who works on a farm for the man who operates it.  
Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.  
Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language for, if exemption is claimed, upon what ground?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.  
Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.  
Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.  
Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

# AFFIDAVIT OF SURGEON

I, C.H. Francis, Surgeon of the S.S. "Vesenden", sailing therewith, do solemnly, sincerely, and truly swear that I have had 12 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the University of New York, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 30 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

*C.H. Francis*

Sworn to before me this 7th day of September, 19 29.

at New York N.Y.

(Signature and title of immigration or other officer authorized to administer oaths)

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.  
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 26.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

I, R. Braun master, of the S.S. "Veendam", from Rotterdam, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 15 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act of February 5, 1917, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question:

"Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

Master R. Braun

Sworn to before me this 7th day of September, 1929.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of \$50, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.
